

Save Your Neighborhood

www.saveprattville.com

The City of Prattville doesn't want you to know the plan for our area. **300+ Apartments and 200+ Homes**

The only way to stop this...let your voice be heard!

Points for discussion: This will overload the schools, create traffic issues in the neighborhood & McQueen Smith Road, decrease your property value, increase crime, increase erosion problems, decrease green space and we will lose our "Preferred" quality of life. Amanda Lane and Jay Street will be a major entrance/exit adding 100s of extra cars jeopardizing the safety of 1200 DPES students who are bused, driven or walk to school twice a day.

Call! If you are not directly impacted, you will be indirectly impacted.

Call and ask each council member and the Mayor to deny this rezoning and keep calling!
